What is the Wooshka returns policy?
So long as the goods are still in their original condition (unused, not damaged and unwashed) we will accept any returns you may wish to make. We want you to be completely satisfied, but if you're not pleased then we can provide an exchange, refund or a store credit.

- Note that if a washed, damaged or used item is returned, you will be asked to pay to have it returned to you.
- All returns must be made within 30 days of your order being shipped.

Do I have to pay to ship it back to you?
If you received the wrong item or if the item is defective, we will reimburse you for the cost of shipping the item back to us in the form of a store credit. Please send the item back regular mail and the return form inside the package. We will not reimburse for express or COD shipping.
